"LOVE"

The dictionary meaning of the word "love" is a strong feeling of affection or a passionate devotion to one of the opposite sex. However, when we think of love, we think of it as love for our brothers. We can't just show love; we must also live love.

Many people say that they have love in their hearts for everyone, but if they really had love in their hearts the world wouldn't have the problems that it has now. For example, because of all of the drug addicts addicted to heroin and other addicting drugs, the world is in the situation that it is in now. This is proved again by the generation gap.

People of today talk about how the world is in a bad situation and how it needs a big change, but what is the real change that needs to be made? The real change is "love."

So, let us stop talking about the world and all of its problems and the bad situation it is in and start giving love to our brothers. Because love is the only solution to the problems and the situation of the world--1971-72 Comet Editors

Mrs. Geraldine Efremoff

In Dedication

The Comet Staff of 1972 respectfully dedicates this yearbook to Mrs. Geraldine Efremoff, a very popular, dedicated, and talented girls' gym instructor and girls' athletic coach at Webber for the past eleven years. During those eleven years she has served as the girls' track and volleyball coach most of the time. In addition, this year she served as the Webber basketball coach in the pioneer girls' basketball league. While at Webber she has also sponsored many highly entertaining acts in our annual Webberama and has served on the Webberama's production committee. She has also trained numerous student teachers as a helpful and understanding supervising teacher during her career here.

Born in Bismarck, North Dakota, Mrs. Efremoff is a daughter of a career Army officer. Her father is a retired colonel from the U. S. Army. Her husband, Donald, a Korean War veteran, is also active in the military and is presently a major in the U. S. Army Reserve. Her husband taught in Saginaw schools since 1962 until last year when he was named the director of the Neighborhood Youth Corps. His position gives him the task of finding and supervising part-time employment for junior and senior high school students in the city of Saginaw. Both Mrs. Efremoff and her husband have found their association with junior and senior high youngsters over the years a very rewarding experience. Mrs. Efremoff formerly taught at Walled Lake, Michigan and at Bay City Handy High School.

An avid bridge player and golfer, Mrs. Efremoff also enjoys swimming, tennis, hiking, and fishing. A member of Delta Kappa Gamma, the National Teachers' Honorary Society, she is also active as a member of the Order of the Eastern Star and as a member of the United Methodist Church of Hemlock. The Efremoff family resides near Hemlock where Mrs. Efremoff is the proud mother of three children: Michele, 13, Diane, 11, and John, 6. Michele is a cheerleader at the Hemlock Jr. High School.

Mrs. Efremoff graduated with a B. S. degree from Central Michigan University in 1953 with a major in physical education. When in college she was listed in Who's Who Among Students in American Universities and Colleges, the 1952-53 edition. Very active in college, the 1952-53 Who's Who edition lists among her organization memberships and activities the following: Women's Recreation Association, tennis team manager, secretary, publicity manager, editor and president of Theta Sigma Upsilon, the Association of Childhood Education, the Association of Women Students, election chairman, Booster Club, Ski Club, the Life Saving Corp., the Aqua Ballerinas, the Majors Club, Barnard Hall Council, the Square and Folk Dance Group, the State Board of Education Scholarship, and secretary of the American Federation of Michigan College Women.

Members of the Comet Staff are very proud of this highly capable member of our school's faculty. We dedicate this yearbook to her in recognition of her as a very fine teacher and person and wish her and her family many richly rewarding, happy years in the future. We also commend her highly on the very able job she has done and is doing in her various capacities at Webber.
